REACH REGULATION & BIOCIDES

Date: 16th, January 2018
Page: 1 of 1

Cintas Adhesivas UBIS S.A. is aware about the European Regulation REACH 1907/2006/CE (Registration, Evaluation and Authorization of Chemicals) and the fact that it entered into force in June 2007.

According to REACH definitions, Cintas Adhesivas UBIS S.A. is a downstream user, and the adhesive tapes that Cintas Adhesivas UBIS S.A. is manufacturing are articles. Cintas Adhesivas UBIS S.A does not supply preparations, mixtures or chemical substances.

Pre-registration and registration of substances is a legal obligation for those who supply substances, preparations or chemical substances to the market. Such companies are not obliged to give to downstream users any pre-registration or registration codes.

On the pre-registration stage, every supplier of CINTAS ADHESIVAS UBIS S.A. was contacted to make sure they were working under REACH demand.

None of the substances listed as "Substances of Very High Concern" (SVHC) by the ECHA Agency are included in the composition of the adhesive tapes manufactured by Cintas Adhesivas UBIS S.A.

We assure all our tapes do not contain BIOCIDES in their composition as an intentionally added ingredient.

CINTAS ADHESIVAS UBIS S.A.

The given information is based on our current knowledge. The only purpose, is to report or provide information about the described matter. Thus, this document can not be considered to be legally binding, neither as a part of the product specification. ECHA SVHC list is renewed every 6 months, but this declaration remains valid and no new updates will be issued on every SVHC renewal. UBIS will check the SVHC list after every update and will inform in case there is any change about the above stated situation. In case UBIS does not renew this certificate due to ECHA SVHC list update, the given information remains valid.
